

**CITY OF TARPON SPRINGS
ANNUAL GENERAL RIGHT-OF-WAY PERMIT**

Permit No. _____

The CITY OF TARPON SPRINGS, a political subdivision of the State of Florida, hereinafter called the "Licensor", hereby grants to:

Utility Name

Street Address

City

State

Zip Code

Hereinafter called the "Licensee", an Annual General Permit pursuant to § 15-11 of the Tarpon Springs Code of Ordinances. A utility shall apply to the City staff for an Annual General Permit no later than November 1 of each year, and the effective dates of that permit shall be from January 1 until December 31 of the subsequent year. Any utility seeking to obtain an Annual General Permit for the current year shall apply as soon as possible, and the effective dates of that permit shall be from the date of issuance of the permit until December 31 of that year. An Annual General Permit may be issued only to utilities with existing facilities in the rights-of-way. The Annual General Permit allows the following activities:

1. Telecommunications service providers' new customer service:

- a) Installation of service drops no longer than 500 feet from serving location;
- b) Installation of a new buried distribution cable no longer than 500 feet that does not cross or begin in the pavement;
- c) Extension of a buried distribution cable up to 500 feet, so long as it does not cross or begin in the pavement;
- d) Extension of two-way four-inch conduit system up to 500 feet, so long as it does not cross or begin in the pavement;
- e) Addition of a new terminal to existing cable;
- f) Installation of new underground feeder cables in an existing, permitted, conduit or manhole, and conduit system;
- g) Digging of a splice hole to splice a new cable or adding a terminal;
- h) Digging of a splice hole for cable acceptance testing for quality;
- i) Extension of existing aerial distribution cable up to 500 feet from existing poles, providing other aerial utility service still exists and providing it does not cross the pavement.

2. Telecommunications service providers' maintenance of existing facilities:

- a) Replacement of existing service drops up to 500 feet in length;
- b) Replacement/repair of existing terminals;
- c) Replacement up to 500 feet in length or repair of existing aerial cable providing other aerial utility service exists;
- d) Replacement up to 500 feet in length or repair of existing underground feeder cable in an existing permitted manhole and conduit system, which does not cross the pavement;
- e) Pumping water out of a manhole to maintain underground cables in conduit system;
- f) Digging of a splice hole to change the count of a cable;
- g) Digging of a splice hole to locate and repair air leaks in cables;
- h) Digging of a splice hole to add a side leg off feeder cable;
- i) Digging of a hole to repair broken conduits;
- j) Digging of a splice hole for cable acceptance testing for quality;
- k) Digging of a splice hole to repair wet or damaged cable;
- l) Digging of a hole to verify the location of buried facilities;
- m) Removal of facilities no longer needed for services;
- n) Adjust aerial facilities to meet National Electric Safety Code;
- o) Trim trees, so long as the utility complies with § 15-17 of the Tarpon Springs Code or Ordinances;
- p) Any facility relocations required for City improvements.

3. Natural gas providers:

- a) Extend and/or replace existing facilities up to 500 feet parallel to the rights-of-way, provided it does not cross pavement;
- b) Install 5/8" and up to 1 1/4" service and connect to existing main, so long as it does not extend more than 500 feet or cross the pavement;
- c) Maintain anodes, rectifiers, and telemetering stations;
- d) Repair existing facilities, providing they do not cross the pavement;
- e) Retire services and mains;
- f) Install and maintain valves, regulator stations, and insulators;
- g) Install test stations, gas markers and vents;
- h) Perform field inspections for conditions and location of gas facilities;
- i) Perform miscellaneous minor maintenance related work;
- j) Install gas facilities in existing casing/pipe;
- k) Facility relocations required for City improvements.
