Arrangements should be made at least 48 hours prior to delivery of container. Due to the size and weight of the equipment, it is the **responsibility of the owner of the property to provide a safe, accessible area**, which is clearly marked for proper placement. A 30-yard container cannot be ordered if you are disposing of extremely heavy materials such as cement, rock or roofing materials.

Once the container has been placed at the designated property, **it becomes the customers' responsibility to maintain service within a reasonable timeframe**. A container with no activity over a two-month period will be subject to a rental fee.

After calling WM for final pick up, you must submit written request to Utility Billing in order for your deposit to apply

******* The phone number to call for service is: (727) 572-8779 *******

Rates are subject to change October 1st and are applicable to all containers

Roll off charges are as follows (**circle one**):

30 yard*	\$ 377.18 per pull	plus	\$ 45.00 per ton - tipping fee	\$ 1300.00 deposit
20 yard	\$ 377.18 per pull	plus	\$ 45.00 per ton - tipping fee	\$ 1300.00 deposit
10 yard	\$ 377.18 per pull	plus	\$ 45.00 per ton - tipping fee	\$ 1300.00 deposit

*If you order a 30 yd and there is not one available, do you want a 20 yd instead or do you want to wait for a 30 yd to be available? _____

All above costs include an administration fee of 20%. Charges will be billed to your utility account following service. **Roll off charges are usually billed within two months of the pull date, the charges will vary according to weight of the container for each pull *****

I have read and understand charges and agree to conditions as stated above.
