

Inspect more,  
wait less,

With the City of Tarpon Springs you can request inspections on demand using the Video Inspection Pro app.

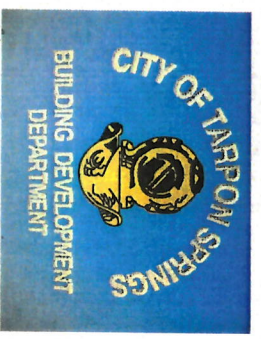

Point your iPhone Camera Here to go to VIP in the App Store.

# VIDEO CONSTRUCTION INSPECTIONS

What will your customers do with the extra time they didn't spend waiting for an inspector?

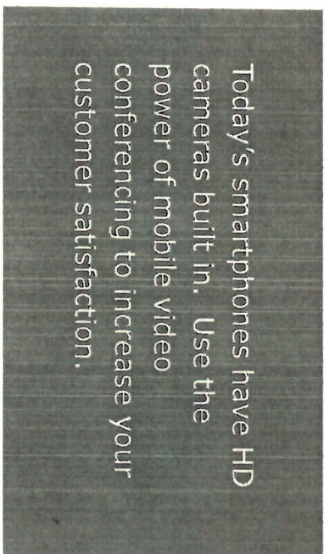

### **INSPECTIONS ON DEMAND**

There's now a faster way to get your work inspected. Simply request it thru the Video Inspection Pro app on your smart phone and you will be connected to a City of Tarpon Springs inspector. The remote video inspection takes just a few minutes to complete.

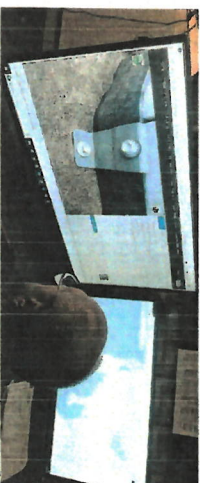

### **IMMEDIATE DECISIONS**

Complying with state regulations for posting inspection results is a breeze. The City inspector will post the results in the computer at the completion of inspection.

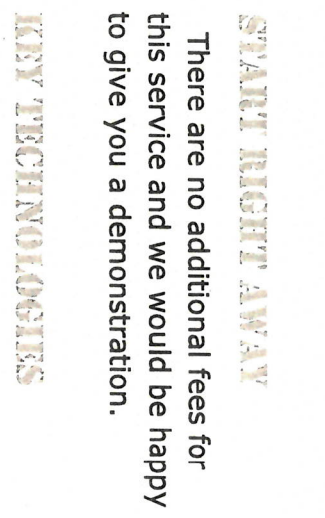

Today's smartphones have HD cameras built in. Use the power of mobile video conferencing to increase your customer satisfaction.

Satisfying you and your customers is our goal. Our inspection process will allow you to get to your next customer quicker and stop chasing down inspection schedules.

### **MAXIMIZE YOUR TIME**

Link your VIP profile to all your designs, or installers. They will be able to manage jobs and request inspections on your behalf. You can also manage jobs from your office while they stay in the field.

**SAVE TIME**  
There are no additional fees for this service and we would be happy to give you a demonstration.

### **KEY TECHNOLOGIES**

- Secure high definition video conferencing and recording.
- City cloud-based data storage.
- Address services by Google Maps.
