- **Updates In Floodplain Management**

June 30th, 9 am - 4:30 pm

This one-day class serves as the educational tool to fill in between the core classes as its material is based on timely changes in floodplain management. During this class speakers from FEMA, FDEM, as well as local governmental agencies and members of the Florida Floodplain Managers Association will discuss recent updates occurring in the area of floodplain management. Topics will include information from FEMA, FDEM, Post Disaster Damage Assessments, SRWMD website & Local Outreach Projects, Mitigation Grants, Risk Rating 2.0, and The Growing Trend of Seawall Minimum Elevation Ordinances.
