After much discussion and consideration, the Tarpon Springs Parks and Recreation Advisory Board would like to recommend the following:

We recommend moving forward with the Pickle Ball courts based on the proposal dated 5-10-2021. This decision was based on recognizing that this greenspace now known as exercise park would house this multi-generational citizen requested opportunity to serve the residents of Tarpon Springs. We further recommend that this space include plans for future additional pickle ball courts based on the research we have heard from pickle ball enthusiasts in the city and the nationwide growing sport along with shuffleboard and bocce ball courts to make this a true community sport complex.

Thank you for your consideration.
