

Mission:

To protect, promote & improve the health of all people in Florida through integrated state, county & community efforts.

Ron DeSantis
Governor

Joseph A. Ladapo, MD, PhD
State Surgeon General

Vision: To be the **Healthiest State** in the Nation

Septic Tank Abandonment Permit Packet

Please submit the following items:

- 1) Complete the attached **Application Page**. All applicable information must be completed. The application will not be processed without a property street address and property ID (parcel number). **NOTE:** Please list the property owner as the applicant on the application and the individual applying for the application as the agent.
- 2) An **Agent Authorization Form** is required if the application is submitted by an individual that is not the property owner or a contractor licensed under section 489 of the Florida Statutes.
- 3) A **Site Plan**. The site plan must show the layout of the property including building structures, streets, and the location of the septic tank to be abandoned.
- 4) A fee of **\$50.00**. Please make checks payable to Florida Department of Health in Pinellas or FL DOH-Pinellas.

A licensed inspector must visually inspect that the septic tank has been properly abandoned. It is the responsibility of the agent, contractor, or property owner to schedule an inspection appointment, providing a minimum of 24 hours advanced notice. Please call 727-538-7277 to schedule an appointment. As of July 1, 2021, virtual evidence may be submitted to ensure the tank is crushed, filled and no sanitary nuisance exists.

During the inspection, the following abandonment procedures will be verified:

- 5) After receiving the permit:
 - A) The septic tank must be pumped out by a state licensed septage disposal service. A copy of the receipt for the pumpout must be provided to the inspector at the time of inspection.
 - B) The bottom of the tank shall be crushed or caved in, or multiple holes punched in bottom of tank to prevent the tank from holding water. In addition, the ENTIRE lid of the septic tank must be removed and/or crushed PRIOR to inspection.
 - C) **An inspector from DOH will conduct an inspection during the pre-scheduled time slot to verify the septic tank abandonment. Please do not cover the abandoned septic tank prior to inspection.**
 - D) After the inspection, the septic tank shall be filled with clean sand or other clean fill material.

NOTE: Failure to call for the required inspection may result in a citation and/or fine.

Please note: If the septic tank will not be ready for inspection at the pre-scheduled appointment time, it is the responsibility of the agent or property owner to call and cancel the appointment. Cancellations must be made a minimum of one hour prior to the appointment time slot. A re-inspection fee of \$50 will be charged for failing to cancel the appointment or to provide a one-hour notice. To schedule, re-schedule, or cancel an inspection, please call (727) 538-7277.

APPLICANT: Property owner's full name.
AGENT: Property owner's legally authorized representative.
EMAIL: Email address for applicant or agent.
TELEPHONE: Telephone number for applicant or agent.
MAILING ADDRESS: P.O. box or street, city, state and zip code mailing address for applicant or agent.

OSTDS REMEDIATION PLAN: Is the property subject to the requirements of an Onsite Sewage Treatment and Disposal System (OSTDS) Remediation Plan developed pursuant to 403.067(7)(a), Florida Statutes?

LOT, BLOCK, SUBDIVISION: Lot, block, and subdivision for lot (recorded or unrecorded subdivision). If lot is not in a recorded subdivision, a copy of the lot legal description or deed must be attached.

DATE OF SUBDIVISION: Official date of subdivision recorded in county plat books (month/day/year) or date lot originally recorded. Dividing an approved lot into two or more parcels for the purpose of conveying ownership shall be considered a subdivision of the lot.

PROPERTY ID#: 27-character number for property. County Health Department may require property appraiser ID # or section/township/range/parcel number.

ZONING: Specify zoning and whether or not property is in I/M zoning or equivalent usage.

PROPERTY SIZE: Area of lot in acres (square footage divided by 43,560 square feet). List only the square footage contained within the bounds of the legal description.

WATER SUPPLY: Check private or public <= 2000 gallons per day or public > 2000 gallons per day.

SEWER AVAILABILITY: Is sewer available as per 381.0065, Florida Statutes, and distance to sewer in feet?

PROPERTY ADDRESS: Street address for property. For lots without an assigned street address, indicate street or road and locale in county.

DIRECTIONS: Provide detailed instructions to lot or attach an area map showing lot location.

BUILDING INFORMATION: Check residential or commercial.

TYPE ESTABLISHMENT: List type of establishment from Table I, Chapter 62-6, FAC. Examples: single family, single wide mobile home, restaurant, doctor's office and number of occupants.

NO. BEDROOMS: Count all rooms designed primarily for sleeping and those areas expected to routinely provide sleeping accommodations for occupants per 381.0065(2 b), Florida Statutes.

BUILDING AREA: Total square footage of enclosed habitable area of dwelling unit, excluding garage, carport, exterior storage shed, or open or fully screened patios or decks. Based on outside measurements for each story of structure.

BUSINESS ACTIVITY: For commercial/institutional applications only. List number of employees, shifts, and hours of operation, or other information required by Table I, Chapter 62-6, FAC.

FIXTURES: Mark Floor/Equipment Drains or Others and specify item or "NA" if not applicable.

SIGNATURE / DATE: Signature of applicant or agent. Date application submitted to the County Health Department with appropriate fees and attachments.

ATTACHMENTS: A site plan drawn to scale, showing boundaries with dimensions, locations of residences or buildings, swimming pools, recorded easements, onsite sewage disposal system components and location, slope of property, any existing or proposed wells, drainage features, filled areas, obstructed areas, and surface water. Location of wells, onsite sewage disposal systems, surface waters, and other pertinent facilities or features on adjacent property, if the features are within 75 feet of the applicant lot. Location of any public well within 200 feet of lot. For residences, a floor plan (residences) showing number of bedrooms and building area of each unit. For nonresidential establishments, a floorplan showing the square footage of the establishment, all plumbing drains and fixture types, and other features necessary to determine composition and quantity of wastewater.

APPLICATION FOR CONSTRUCTION PERMIT

Permit Application Number _____

----- PART II - SITEPLAN -----

Scale: Each block represents 10 feet and 1 inch = 40 feet.

Notes: _____

Site Plan submitted by: _____

Plan Approved _____ Not Approved _____ Date _____

By _____ County Health Department

ALL CHANGES MUST BE APPROVED BY THE COUNTY HEALTH DEPARTMENT

FOR NEW/EXISTING/MODIFICATION SYSTEM APPLICATIONS: The plan must be **DRAWN TO SCALE** and must be for the property where the system is to be installed.

1. The site plan must **SHOW BOUNDARIES WITH DIMENSIONS** and any of the following **FEATURES THAT EXIST OR THAT ARE PROPOSED:**

- a. Structures;
 - b. Swimming pools;
 - c. Recorded easements;
 - d. Onsite sewage treatment and disposal system components;
 - e. Slope of the property;
 - f. Wells;
 - g. Potable and non-potable water lines and valves;
 - h. Drainage features;
 - i. Filled areas;
 - j. Excavated areas for onsite sewage systems;
 - k. Obstructed areas;
 - l. Surface water bodies *Requires a surveyor to set the Mean High Water Line boundary for tidally influenced surface water bodies. Requires a surveyor or department staff to set the Mean Annual Flood Line for permanent non-tidal surfacewater bodies.*
 - m. Location of the reference point for system elevation.
2. If the county health department is responsible for performing the site evaluation, the applicant or applicant's authorized representative must **indicate the approximate location of wells, onsite sewage treatment and disposal systems, surface water bodies and other pertinent facilities or features on contiguous or adjacent property. If the features are within 75 feet of the applicant lot, the estimated distance to the feature must be shown but need not be drawn to scale.**
3. If the county health department will not be performing the site evaluation, the applicant or authorized agent is responsible for the measurements to all features, including the pertinent features within 75 feet of the applicant lot. **The location of any public drinking water well, as defined in paragraph 62-6.002(44 b), F.A.C., within 200 feet of the applicant's lot must also be shown, with the distance indicated from the system to the well.**
4. If an individual lot is five acres or greater, the applicant may draw a minimum one acre parcel to scale showing all required features, or the minimum size drawing necessary to properly exhibit all required features, whichever is larger. The applicant must also show the location of that one acre or larger parcel inside the total site ownership. *To scale parcel must be large enough to provide sufficient authorized flow.*
5. All information that is necessary to determine the total sewage flow and proper setbacks on the site ownership must be submitted with the application. The applicant lot shall be clearly identified. **A copy of the legal description or survey must accompany the application for confirmation of property dimensions only.**

FOR REPAIR APPLICATIONS: A site plan (*NOT REQUIRED TO BE DRAWN TO SCALE*) showing:

- property dimensions
- the existing and proposed system configuration and location on the property
- the building location
- potable and non-potable water lines, within the existing and proposed drainfield repair area
- the general slope of the property
- property lines and easements
- any obstructed areas
- any private well *show private potable wells if within 100 feet of system, non-potable within 75 feet*
- any public wells *show if within 200 feet of system*
- any surface water bodies and stormwater systems *show if within 100 feet of system. Requires a surveyor to set the Mean High Water Line boundary for tidally influenced surface water bodies. Requires a surveyor or department staff to set the Mean Annual Flood Line for permanent non-tidal surface water bodies.*
- The existing drainfield type shall be described. For ex., mineral aggregate, non-mineral aggregate, chambers, or other.
- Any unusual site conditions which may influence the system design or function** such as sloping property, drainage structures such as roof drains or curtain drains, and any obstructions such as patios, decks, swimming pools or parking areas.

FOR ALL SITE PLANS (IF APPLICABLE)

- A Coastal Construction Control Line Permit or an exemption notice from the Department of Environmental Protection if any component of the onsite sewage treatment and disposal system or the shoulders or slopes of the system mound will be seaward of the Coastal Construction Control Line, established under Section 161.053, F.S. Should the location of the proposed onsite system relative to the control line not be able to be definitively determined based on the site plan and the online products available on the DEP website, the applicant shall provide a survey prepared by a certified professional surveyor and mapper showing the location of the control line on the subject property.
- All plans and forms submitted by a licensed engineer shall be dated, signed and sealed.
- The evaluator shall document the **locations of all soil profiles** on the site plan.
